Subject: Comprehensive Proposal for Implementation of Offline FMGE & Licensing Exam Preparation Program for JAIU Students

Dear Rector,

WCIEC Organization Pvt. Ltd. is honored to present this detailed and expanded proposal for conducting Offline FMGE, USMLE, and International Licensing Preparation Classes for the students of Jalalabad International University (JAIU).

This initiative aims to enhance academic excellence, provide equal and affordable access to high-quality faculty, and ensure that every student is well-prepared for FMGE, USMLE, PLAB, and other licensing examinations. The proposed program integrates expert-led teaching, structured scheduling, and professional examination strategies.

1. Executive Summary

WCIEC Organization Pvt. Ltd., in collaboration with JAIU, proposes a structured 7-month Offline Licensing Exam Preparation Program for 5th- and 6th-year medical students. The program features India's leading FMGE/USMLE faculty, an intensive teaching schedule, mock tests, performance analytics, and complete academic support.

The purpose is to:

- Strengthen student preparation for FMGE, USMLE, and other exams.
- Provide international standard teaching at an affordable cost.
- Improve JAIU's global academic outcomes and ranking.

2. Objectives of the Program

2.1 Academic Objectives

Deliver a comprehensive offline teaching module covering major clinical and preclinical subjects.

- Strengthen conceptual understanding aligned with FMGE and USMLE blueprints.
- Conduct subject-wise assessments and mock tests.

2.2 Student Development Objectives

- Train students with best-in-class faculty from India.
- Provide guidance for exam strategy, time management, and high-yield topics.
- Offer mentorship and one-to-one counseling.

2.3 Institutional Objectives

- Increase FMGE passing percentage.
- Position JAIU as a leading medical university providing world-class preparatory resources.
- Strengthen WCIEC-JAIU academic partnership.

3. Program Overview

This program will run offline in classroom format, conducted within JAIU premises, and includes a total of 17 subjects/sessions delivered by top faculty members.

Each subject module includes:

- High-yield lectures
- Exam-oriented notes
- Q&A sessions
- Clinical correlations
- Previous year question (PYQ) discussions
- Practice exam sets
