H. Kalyarbayev!

To,
Narbaev Mirsadyk Rahimberdievich
Rector

Jalalabad International University (JAIU)

Manas City, Jalalabad

Kyrgyz Republic

Subject: Proposal for Implementation of USMLE Preparation Program at JAIU

Dear Rector,

WCIEC Organization Pvt. Ltd. respectfully submits this formal proposal outlining the implementation of a structured USMLE Step 1 Preparation Program for the students of Jalalabad International University. This proposal includes program details, implementation phases, institutional benefits, and a month-by-month timeline.

1. Executive Summary

WCIEC Organization Pvt. Ltd. is pleased to present this detailed proposal for a structured, institutional-level partnership with Jalalabad International University (JAIU) to provide comprehensive USMLE (United States Medical Licensing Examination) preparation to medical students through our digital education platform @doctordc_online.

The collaboration aims to integrate a highly organized, 9-month USMLE Step 1 preparation program into JAIU's academic support system. The program also includes assistance with ECFMG registration, personalized academic guidance, and exposure to international licensing pathways such as PLAB, AMC, COMLEX, and DHA.

This proposal outlines the program structure, implementation process, faculty involvement, expected outcomes, and the steps needed to formally launch this initiative at JAIU.

2. Introduction and Background

WCIEC Organization Pvt. Ltd. has been pioneering online medical education globally through the @doctordc_online platform, offering free and accessible medical coaching via YouTube and Zoom Workplace. Our lectures are delivered by experienced USMLE-certified physicians and international medical faculty.

Over the past several years, thousands of medical students worldwide have benefited from our structured learning pathways, Qbank discussions, and personalized mentoring.

Recognizing JAIU's rapid growth as an international medical education hub in Kyrgyzstan, WCIEC seeks to support the university in upgrading its global competitiveness by providing targeted USMLE preparation assistance for students.

3. Objectives of the Collaboration

The primary objectives of this proposed collaboration are:

3.1 Academic Objectives

- To deliver a standardized, structured, and guided USMLE Step 1 preparation program to JAIU students.
- To equip students with strong foundational and clinical knowledge aligned with USMLE content outlines.
- To integrate systems-based learning compatible with international examination formats.

3.2 Student Development Objectives

- To enhance students' readiness for USMLE, PLAB, AMC, COMLEX, and DHA licensing exams.
- To support students in completing the full ECFMG registration and certification process.
- To enable students to participate in Qbank sessions, mock exams, and one-to-one academic guidance.

3.3 Institutional Objectives

- To position JAIU as a competitive medical university offering international exam preparation pathways.
- To increase JAIU graduate success rates in international licensing exams.
- To strengthen global academic collaboration for future initiatives.

4. Program Structure: 9-Month USMLE Step 1 Preparation Plan

The following structured program is delivered online through Zoom Workplace and the @doctordc_online YouTube platform.

Months 1–6: Complete Systems-Based Review

Each month includes lectures, concept maps, clinical correlations, and board-style questions.

Month 1:

- General Pathology
- General Pharmacology
- Microbiology & Immunology

- Cardiovascular System
- Renal System
- Respiratory System

Month 3:

- Endocrine System
- Gastrointestinal System
- Reproductive System

Month 4:

- Musculoskeletal System
- Skin & Connective Tissue
- Hematology & Oncology

Month 5:

- Neurology & Special Senses
- Psychiatry

Month 6:

- Biochemistry
- Public Health
- Ethics & Professionalism

All systems include: Anatomy, Physiology, Pathology, Pharmacology, Embryology, and Clinical Cases.

Months 7–9: Qbank & Mock Exams

- Month 7: Daily Qbank — 40 Questions per day plus discussions.
- Month 8: Continuation of daily Qbank with detailed analytical review.
- Month 9: Weekly USMLE-format mock examinations with performance analytics and personalized feedback.

5. Additional Guidance and Support Services

5.1 Licensing Pathway Support

Apart from USMLE, we provide structured guidance for:

- PLAB (UK)
- AMC (Australia)
- COMLEX (USA – DO Pathway)
- DHA (Dubai Health Authority) licensing exam

5.2 ECFMG Registration Support

We assist students at each stage from:

- MyIntealth account creation
- ECFMG identity verification
- Form 183/186 guidance
- Exam scheduling and documentation

5.3 One-to-One Student Advisory Sessions

Timeline
Week 1–2
Week 3–4
Months 1–6
Months 7–9
End of Month 9

Students can book free personalized sessions for:

- Study planning
- Career pathway counseling
- Exam readiness assessment

6. Proposed Implementation Plan for JAIU

- A systematic, phased integration ensures smooth execution and academic alignment.
- Phase 1: Administrative Approval (Week 1–2)
- Signing of agreement between WCIEC & JAIU.
- Appointment of program coordinators from both sides.
- Approval of academic calendar and student list.

Phase 2: Technical & Academic Setup (Week 3–4)

- Creation of JAIU-specific Zoom channels.
- Sharing access links to @doctordc_online platforms.
- Distribution of schedules, modules, and study materials.

Phase 3: Program Launch (Month 1 Onwards)

- Commencement of 9-month structured classes.
- Weekly progress monitoring.
- Monthly joint coordination meetings.
- Phase 4: Qbank, Evaluation & Mock Exams (Months 7–9)
- Daily Qbank discussion sessions.
- Weekly mock tests.
- Individual performance analysis.

Phase 5: Certification & Final Reporting (End of Month 9)

- Issue of participation certificates.
- Submission of final performance report.
- Guidance for ECFMG registration and Step 1 scheduling.

7. Timeline Overview (Gantt-Style Summary)

Phase	Activities	Timeline
Phase 1	Administrative approval, coordinator assignment	Week 1–2
Phase 2	Technical integration, platform setup	Week 3–4
Phase 3	Launch of academic sessions	Months 1–6
Phase 4	Qbank sessions & mock exams	Months 7–9
Phase 5	Certificates & final reporting	End of Month 9

Provide final performance report to JAIU admin.

Initiate ECFMG registration guidance for students ready for Step 1.

7. Benefits to Jalalabad International University

- Strengthened academic reputation with global exam preparation support.
- Improved student success rate in USMLE and international exams.
- Enhanced attractiveness for international student recruitment.
- Zero financial burden on JAIU, as the program is fully provided by WCIEC.

8. Proposed Terms of Collaboration

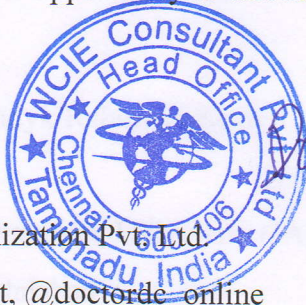

- WCIEC will provide educational content, faculty, and technical delivery.
- JAIU will facilitate access to enrolled students.
- No financial commitments from JAIU; program is offered as academic support.
- JAIU may promote this partnership as an official USMLE coaching initiative.

9. Conclusion

WCIEC Organization Pvt. Ltd. is committed to empowering JAIU students to excel in international medical licensing examinations. This partnership will significantly strengthen the institution's global standing and provide its students with world-class academic support.

We welcome the opportunity to discuss this proposal in more detail. Kindly let us know a suitable time for a meeting.

Sincerely,

WCIEC Organization Pvt. Ltd.
