

ORTHOPAEDICS

LAQ :

- 1) Colles Fracture : Definition, C/f, Management and Complications (2 repeat)
- 2) Supracondylar Fracture of Lower End of Humerus : C/f, Management and Complications (4 repeat)
- 3) Tuberculosis of Spine (at Dorso-lumbar) : Pathology, Radiological Features and Management (4 repeat)
- 4) Inter-trochanteric Fractures : Classification, C/f and Management
- 5) Pott's Spine : Aetiopathology, C/f and Management
- 6) Fracture of Patella : C/f, Investigations and Management
- 7) Chronic Osteomyelitis : Pathology, Radiological Features and Management
- 8) Fracture of Neck Femur : Classification, C/f, X-ray Findings and Management
- 9) Fracture Healing with Definition and Classification Fractures (2 repeat)
- 10) Acute Osteomyelitis : Definition, Aetiology, C/f and Management (3 repeat)
- 11) Osteoarthritis of Knee : Aetiopathology, C/f, Investigations and Management
- 12) Fractures of Shaft of Tibia : Types, Investigations and Management
- 13) Posterior Dislocation of Hip (Dashboard injury) : Mechanism, C/f, Radiology and Management

SAQ :

- 1) Volkman Ischaemia : Diagnosis and Management (5 repeat)
- 2) Sudek's Osteodystrophy : C/f and Treatment (2 repeat)
- 3) Nerve Injury : Classification and Management
- 4) Non Union : Definition, Types and Management (6 repeat)
- 5) Thomas Splint - 25
- 6) Chronic Osteomyelitis : Radiological Features and Complications (2 repeat)
- 7) Fracture of Patella : Types and Management
- 8) Sequestrum (2 repeat)
- 9) MRI in Orthopaedics
- 10) Golfer's Elbow
- 11) Osteoid Osteoma (2 repeat)
- 12) CTEV Club Foot : Types and Management (6 repeat)
- 13) Frozen Shoulder (2 repeat)
- 14) Osteochondroma (4 repeat)
- 15) Colles Fracture (7 repeat)
- 16) Chronic Osteomyelitis
- 17) Radial Nerve Injury (2 repeat)
- 18) Fracture Healing (2 repeat)
- 19) Deficiency Rickets (4 repeat)
- 20) Malunion of Fractures - 49
- 21) Tuberculosis of Hip (4 repeat)
- 22) Proapsed Intervertebral Disc

- 23) Osteoarthritis of Knee (4 repeat)
- 24) Fracture Scaphoid (2 repeat)
- 25) Giant Cell Tumour : C/f and Management (5 repeat)
- 26) Dequervain's Stenosing Tenosynovitis
- 27) Total Hip Replacement - 339
- 28) Bone Graft
- 29) Conservative Management of Fractures
- 30) Human Cartilage : Microanatomy
- 31) Anterior Dislocation of Shoulder Joint (3 repeat)
- 32) Fracture Neck of Femur : Classification Complications and Management (4 repeat)
- 33) Osteosarcoma : Radiological Features
- 34) Open Fractures : Classification and Management (2 repeat)
- 35) Acute Osteomyelitis : Pathogenesis (2 repeat)
- 36) Wallerian Degeneration
- 37) Fracture Shaft of Femur : Management
- 38) Traction : Types and Uses - 26
- 39) Fracture Pelvis : Complications - 127M (3 repeat)
- 40) D/d of Bony Swellings at Upper End of Tibia
- 41) Fat Embolism
- 42) Distraction Osteogenesis
- 43) GCT Upper End of Tibia : C/f and Management
- 44) Compartment Syndrome of Forearm : Definition, C/f and Management (2 repeat)
- 45) Tennis Elbow (2 repeat)
- 46) Ankle Sprain
- 47) Neuroapraxia (2 repeat)
- 48) Plantar Fasciitis
- 49) Monteggia Fracture Dislocation : Definition, C/f and Mode of Injury
- 50) Pyogenic Infection of Knee Joint
- 51) Skin Fraction : Indications and Contraindications
- 52) Smith's Fracture at Wrist : Mechanism of Injury and Dislocation
- 53) X-ray Picture of Rickets
- 54) Ortolantis Test for CDH
- 55) Potts Paraplegia of Late Onset
- 56) Potts Paraplegia of Early Onset
- 57) Tinnel Sign
- 58) Mallet Finger
- 59) Arthroscopy in Knee
- 60) Paraplegia in Spine : Management
- 61) Unicameral Bone Cyst
- 62) Carpel Tunnel Syndrome
- 63) Tuberculosis of Spine : Clinical and Radiological Signs (2 repeat)
- 64) Bone Metastasis
- 65) Difference between Osteoporosis and Osteomalacia

- 66) Difference between Benign and Malignant Bone Tumours (2 repeat)
- 67) Displaced Fracture : Diagnostic Findings
- 68) Difference between Degenerative Arthritis and Rheumatoid Arthritis (2 repeat)
- 69) Congenital Dislocation of Hip (CDH) in Infants
- 70) Rehabilitation in Fracture Treatment
- 71) Stages of Poliomyelitis
- 72) Traumatic Paraplegia : Management
- 73) Splints and Traction in Orthopaedics
- 74) Rheumatoid Arthritis in Hand : Treatment
- 75) Ganglion
- 76) Post Traumatic Ossification : Diagnosis and Management
- 77) Thomas Test for Hip
- 78) Potts Fracture : Classification
- 79) Amputation : Indications and Type
